

What Services Does Riverstone Homehealth Provide?

1. Skilled nursing care by a RN or LPN/LVN either on an intermittent, private duty, or hourly basis, including:
 - Pediatric nursing
 - Ventilator and tracheotomy care
 - Care for chronic illnesses and injuries
 - Brain and spinal cord injury care
 - Orthopedic disorder care
 - Diabetes management and care
 - Short Bowel Syndrome care
 - Genetic disorder care
 - Implementing a clinical care plan
 - Coordinating home medical equipment, pharmacy, and supplies
 - Monitoring vitals
 - Measuring height and weight
 - Controlling infections
 - Preventing pressure ulcers
 - Performing dressing changes
 - Palliative care
 - Wound care
 - Insulin therapy
 - Pain management

2. Other Therapy services as often and for if it is medically necessary and reasonable, including:
 - Physical therapy
 - Occupational therapy
 - Speech-Language therapy
 - Pediatric therapy
 - Medical Social Services

3. Home Health Aide (HHA) services including:
 - Assistance with personal care such as bathing, using the toilet, or dressing
 - Aiding with ambulation, mobility, and transfers
 - Preparing meals and feeding
 - Preventing falls

4. Nurse Delegations:

Tasks which may be delegated to a paraprofessional:
 - Bandage changes (not to be confused with sterile dressings which may not be delegated but rather require a medical professional)

- Blood glucose monitoring and non-synthetic insulin administration
- Condom catheters
- Eye and ear drops
- Oxygen rate adjustments and portable tank changes
- Tube feedings for nutrition and hydration
- Ointments/creams for treatments
- Suppositories and enemas

Tasks which may not be delegated to a paraprofessional:

- In-dwelling catheters or irrigation of catheters
- Infusion therapy/central line and port care
- Injections other than insulin
- Sterile dressing changes (not to be confused with a bandage change not requiring sterile procedure)
- Acts that require nursing judgment
